

You can help even more to preserve South Georgia's endangered birds!!

Please help South Georgia's threatened birds by donating to SGHT. Your donation will help to bring them back to South Georgia's coastline to breed.

This initiative, which will be the largest of its kind in the world, is supported by IUCN (World Conservation Union) and New Zealand Department of Conservation, the world leaders in eradication.

"I am sure my expressions of support and encouragement to those involved in developing this proposal are echoed by everyone who cares about the earth's few true remaining wild places, and the wildlife they contain." Alan Saunders IUCN.
